

Espresso Spa™

The one and only pipe-free pedicure spa designed to adapt to clients 5 foot tall up to 6 foot 8 inches tall and to accommodate wheelchair bound and elderly clients. Innovative design and comfort merge to satisfy the needs of today's marketplace. Together with NTAC advisors, European Touch engineers developed the Espresso Spa to satisfy the requirements for a universal, user-friendly pedicure spa. With the pipe-free Espresso Spa, you will enjoy peace of mind knowing that the Espresso Spa features an adjustable height chair, and a custom designed basin with front mounted pipe-free water circulation creating a swirling, revitalizing water massage that relaxes and rejuvenates.

Spa Sanitation made simple! The Espresso Spa pipe-free unit is an effective water massage and is easy and simple to clean. A simple pull and twist cover allows you to get to the pipe-free impeller for simple, easy cleaning.
