

Forte Spa™

As the industry's bestselling pedicure spa, our Forte Spa has long set a performance standard for reliability from the ground up. From its durable exterior design and plush upholstery to its versatile operational features and proven engineering, this pedicure spa has achieved a solid reputation for long lasting performance. In addition to its styling advantages, the Forte Spa offers a wide selection of options, allowing you to customize the chair to your specific needs. Like decor options, including 100 possible color combinations. Or built-in seat-back massage options like vibration with heat, or our exclusive roller and vibration combination.

Now available with Clean Touch Pipe-Free Technology! Our latest development, Clean Touch Pipe-Free technology, is now available in the Forte Spa! Give your clients and salon top-notch sanitation control with the option of Clean Touch Pipe-Free Technology or our traditionally piped whirlpool movement.
