

Rinato XL Spa™

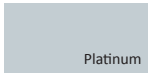

Like all European Touch products, the Rinato XL Spa™ presents a unique grace with unrivaled design intelligence, geared to enhance your pedicure service for your clients as well as your technicians. From the smart appearance of the streamlined basin to the unmatched simplicity of our Clean Touch™ Pipe-Free technology, our Rinato XL takes ease-of-use and efficiency to the next level. With client-controlled seat recline, forward and back movement and massage settings, every client will find their ideal setting. For the ultimate pedicure experience, sound can be added to let your client drift away during their pedicure using their own portable music player. The result is the perfect experience that keeps clients coming back.
